## Clubs

In the clubs section of BowlsLink you will be able to find all information related to your club and any other clubs you have the permission to see.

The clubs section is further divided into clubs, club categories and manage my club.

## Clubs

In the **clubs sub-section** you will be able to see all clubs that are currently active in BowlsLink. You will be given some club details without clicking into their club profile and you will be able to perform the following actions:

You will be able to click onto the clubs' name to retrieve additional information about the chosen club

# Club Categories

A club can have various categories assigned. Categories are used to show the various services and amenities that the club has, and this information is published in websites and other information systems about the club. The categories are selected from a pre-defined list, and the club administrators can select any and all that may apply to their club. Examples are: Social Bowls, Meals, Entertainment, Function Room Bookings etc.

1. To add a category, click on the assign category button in the top right of screen.
2. Select from the drop down list the appropriate category for your club, and click the assign button.
3. Once a category has been added, it can be removed by clicking the icon at the right end of the category listing.
4. This process can be repeated as many times as you like, to add all the required categories to the club.

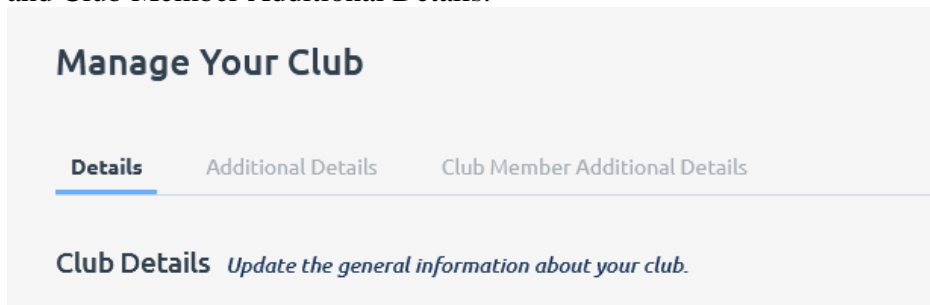

To add a category, click on the assign category button in the top right of screen.	
Select from the drop down list the appropriate category for your club, and click the assign button.	

<p>Once a category has been added, it can be removed by clicking the icon at the right end of the category listing.</p>	
<p>You will be asked to confirm your decision This process can be repeated as many times as you like, to add all the required categories to the club.</p>	

5.

## 6. Manage My Club

7. In the **manage my club sub-section** you will be able to see all the details relevant to your club. You will be able to edit all the club information for your club.  
The manage your club sub-section is divided into three tabs - Details, Additional Details and Club Member Additional Details.

## 8. Details

9. In the details tab of your club you will be able to edit the following field groups:
1. Club Overview
  2. Contact Details
  3. Club Address
  4. Financial

6. Additional Details

10. In the additional details tab you will be able to update you clubs opening hours.

Club Member Additional Details

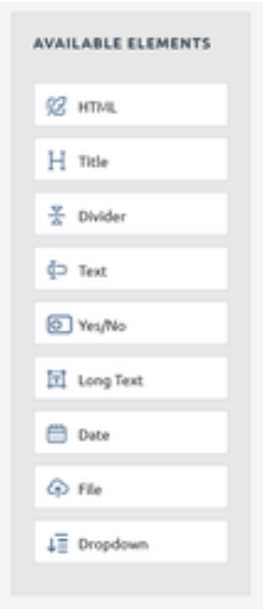

In the club member additional details tab you will be able to create new additional fields to gather more data for your club members. You will be able to add the following fields:

- HTML
- Title
- Divider
- Text
- Yes/No
- Long Text
- Date
- Dropdown

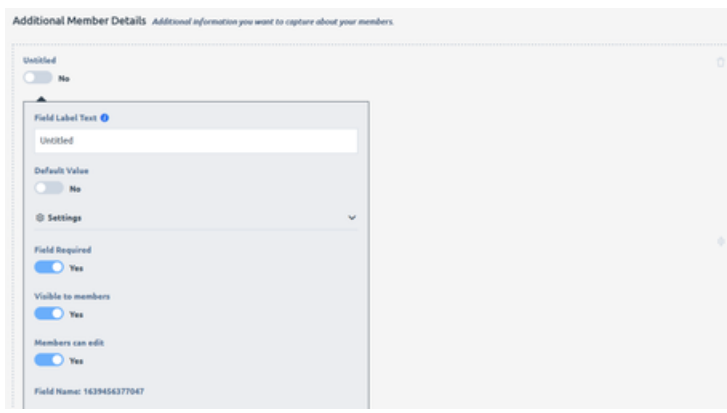

In this example, we want to know if members are willing to volunteer with junior group coaching at the club. This would be a yes or no question, so that is the option we will use

This will provide the field box where you can setup the field correctly.

We can then set the options for the field.  
Is it mandatory (Required)  
Can members see it?  
Can members edit it? E.g. change it from no to yes.

Once we are happy with the settings we click the save button in the top right corner.

## Reports

The reports section is currently able to produce a report of current and previously held positions at the club. For this to work the positions will need to be setup by a club admin. To do this you can follow the process below

From the Clubs Menu select the Club sub Menu and search for your clubs' name.

<p>Using the current positions area, you can add a position holder using the + on the right.</p>	
<p>You can then select the member who holds this position and the date from which they have held it</p>	
<p>When positions terms end they will be moved to the historical positions area.</p>	

# Greens

The Greens section is used to manage the greens and rinks available at your club. If there are missing greens for your club, these need to be added by a system administrator. Please contact a BowlsLink system admin to assist with fixing this.

The greens management section is linked to other components in the system. Greens available for member use and the greens used in competitions are taken from the information provided in this module.

<p>The main screen shows the current greens assigned to your club. With multiple greens, you can use the standard search and filter functions to look for a particular green within your club.</p>	
<p>To edit the options for a green in your club, click on the action button and select edit green from the menu.</p>	

The details for your green will be bought up. The managing club will default to your club, this cannot be changed in this screen, and requires a system administrator to change the management. The green short name is used to identify your green when you have more than one. The short name can be a number (for example: Green 1, Green 2, Green 3) or a letter (Green A, Green B, Green C). Optionally you can add a full name to better identify your greens. The timezone will default to your current club zone, but this can be adjusted if required.

**1 Assign Club**

Managed By  
Savage Bull

**2 Green Name**

Green Short Name
