Schools & Clubs

SA High Schools and Bowling Clubs are encouraged to align together. It is recommended for schools to complete a coaching program prior to the regional competition. From this program, teachers and coaches can identify students to represent their club/school teams to advance to the regional play-off.

Bowls SA and Bowls Australia Club Support Manager (CSM) Brett Herbert will be available to assist clubs and schools to coordinate their local competitions and regional play-offs.

It is the vision that Schools Sport SA has a representative side of 10 students attend the National Finals. This competition is player funded, grant funding for competitors may be available.
